

## Overview

The tournament will be played on August 30th 2019 at 5925 Meadow Dr, Orefield PA, 18069. You must be able to commute to and from the tournament to compete. The tournament format will be a custom creative game mode commonly known as **Zone Wars**. Farther down in this document, there are a couple of zone wars practice map codes for you to practice with your friends. The official map for the tournament will be released about a month from the tournament start date to allow for players to practice before they get to the event. If you want to learn more about how a typical zone wars match might be played, check out the video linked down below this paragraph by Luke Willard, a Parkland High School Swimmer.

## Game Setup

Each player who pays the entry fee of \$27.50 will be entered in the tournament. The tournament may fill up fast so register before we reach our maximum player capacity of 50. The tournament will be run in 5-6 heats with 8-10 players in each heat. Each player will be guaranteed five (5) games of a custom Fortnite game mode called **Zone Wars**. After the player plays their 5 games in their assigned heat at their assigned gaming station, they are done until the points are tallied and the rest of the field is scored (Refer down below to the scoring chart to determine scoring and placement for tournament prizing and advancement). After the qualifier games, if you score in the top 16-20 people (depending on placing) you will advance to the finals and have a chance to win gift cards and other prizes.
